

Sunlake High School/Marchman (MTEC) Agreement

Marchman applications will not be processed without the signed agreement below. Please remember that Marchman classes are scheduled for periods 1, 2, and 3.

Due to the transporting of students to and from Marchman (MTEC) and lunch accommodations, students typically miss time in their 4th period.

Most Marchman (MTEC) programs require three electives in 11th grade and three electives in 12th grade. Depending on which courses students took in 9th and 10th grades and those classes that are still needed to meet graduation requirements, students will have to take a course or courses online to meet graduation requirements if they have the typical 12 credits going into their junior year.

For example, most students will have to meet the following requirements their junior and senior years:

Junior Year

English 3*

Math*

American History*

Science *

Elective (Art)

Elective

Senior Year

English 4 (English 4:College Prep – if PERT requirement not met)

Math (Math for College Readiness – if PERT requirement not met)

Government/Economics

Elective

Elective

Elective

* a class that could be taken online in order to be able to attend the three periods of MTEC during the Junior year

Statements of Understanding Regarding Marchman (MTEC) Classes and SLHS Classes

- ✓ I understand that I may leave class early and/or I may arrive after class has started.
- ✓ I understand that I am responsible for all missed assignments and instruction.
- ✓ **I understand that I will most likely be required to take a course (or courses) outside of the school day to meet graduation requirements.**
- ✓ I understand that it is my responsibility to meet with my guidance counselor to make the necessary arrangements.
- ✓ I understand that if I decide that I do not want the courses at Marchman I **must make contact** with the Marchman Assistant Principal regarding my decision and **prior** to any schedule change occurring.
- ✓ I understand that SLHS may not have room in classes that I prefer to take if I choose to drop MTEC and that classes will be assigned based on space availability.

My signature below indicates that I agree to and understand these statements.
