Consent and Release from Liability Certificate (Page 1 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature. This form is non-transferable; a change of schools during the validity period of this form will require this form to be re-submitted.

This form is non-transferable; a change of schools during the validity period of this form will require this form to be re-submitted.
School: School District (if applicable):
Part 1. Student Acknowledgement and Release (to be signed by student at the bottom) I have read the (condensed) FHSAA Eligibility Rules printed on Page 4 of this "Consent and Release Certificate" and know of no reason why I am not eligible to represent strong school in interscholastic athletic competition. If accepted as a representative, I agree to follow the rules of my school and FHSAA and to abide by their decisions know that athletic participation is a privilege. I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concustion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare which is participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s) hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility at liability for any injury or claim resulting from such athletic participation and agree to take no legal action against FHSAA because of any accident or mishap involving nathletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessar hereby grant to FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance standing, age, discipline, finances, residence and physical fitness. I hereby grant the released parties the right to photograph and/or videotape me and further asset my name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation limitation. The released parties, however, are under no obligation to exercise said rights here
Part 2. Parental/Guardian Consent, Acknowledgement and Release (to be completed and signed by a parent(s)/guardian(s) at the botom; where divorced or separated, parent/guardian with legal custody must sign.) A. I hereby give consent for my child/ward to participate in any FHSAA recognized or sanctioned sport <u>EXCEPT</u> for the following sport(s):
List sport(s) exceptions here
Est sport(s) exceptions nere B. I understand that participation may necessitate an early dismissal from classes. C. I know of, and acknowledge that my child/ward knows of, the risks involved in interscholastic athletic participation, understand that serious injury, and even deat is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating in athletics. With full understanding the risks involved, I release and hold harmless my child's/ward's school, the schools against which it competes, the school district, the contest officials and FHSAA any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because any accident or mishap involving the athletic participation of my child/ward. I authorize emergency medical treatment for my child/ward should the need arise for su treatment while my child/ward is under the supervision of the school. I further hereby authorize the use or disclosure of my child's/ward's individually identifiable heal information should treatment for illness or injury become necessary. I consent to the disclosure to the FHSAA, upon its request, of all records relevant to my child/ward athletic eligibility including, but not limited to, records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness are resident to provide the right to photograph and/or videotape my child/ward and further to use said child's/ward's name, face, likeness, voice and appearance connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The released parties, however, are under a beligation to exercise said rights herein. D. I am aware of the potential danger of concussions and/or head and neck injuries in interscholastic athletics. I also have knowledge about the risk of continuing participate once such an injury is susta
IN A POTENTIALLY DANGEROUS ACTIVITY, YOU ARE AGREEING THAT, EVEN IF MY CHILD'S/WARD'S SCHOOL
THE SCHOOLS AGAINST WHICH IT COMPETES, THE SCHOOL DISTRICT, THE CONTEST OFFICIALS AND FHSA USES REASONABLE CARE IN PROVIDING THIS ACTIVITY, THERE IS A CHANCE YOUR CHILD MAY BE SER OUSLY INJURED OR KILLED BY PARTICIPATING IN THIS ACTIVITY BECAUSE THERE ARE CERTAIN DANGER INHERENT IN THE ACTIVITY WHICH CANNOT BE AVOIDED FOR VEHICLE AND SOME OF THE SECONDARY OF THE ACTIVITY WHICH AND THE AVOIDED FOR VEHICLE FOR MAY SHAPE SOME OF THE SECONDARY OF T
<u>GIVING UP YOUR CHILD'S RIGHT AND YOUR RIGHT TO RECOVER FROM MY CHILD'S/WARD'S SCHOOL, TH</u> SCHOOLS AGAINST WHICH IT COMPETES. THE SCHOOL DISTRICT, THE CONTEST OFFICIALS AND FHSAA I
A LAWSUIT FOR ANY PERSONAL INJURY, INCLUDING DEATH, TO YOUR CHILD OR ANY PROPERTY DAMAG THAT RESULTS FROM THE RISKS THAT ARE A NATURAL PART OF THE ACTIVITY. YOU HAVE THE RIGHT TO RI FUSE TO SIGN THIS FORM, AND MY CHILD'S/WARD'S SCHOOL, THE SCHOOLS AGAINST WHICH IT COMPETE THE SCHOOL DISTRICT, THE CONTEST OFFICIALS AND FHSAA HAS THE RIGHT TO REFUSE TO LET YOU CHILD PARTICIPATE IF YOU DO NOT SIGN THIS FORM.
E. Lagree that in the event we/I pursue litigation seeking injunctive relief or other legal action impacting my child (individually) or my child's team participation in FHSAA state series contests, such action shall be filed in the Alachua County, Florida, Circuit Court. I understand that the authorizations and rights granted herein are voluntary and that I may revoke any or all of them at any time by submitting said revocation writing to my school. By doing so, however, I understand that my child/ward will no longer be eligible for participation in interscholastic athletics. G. Please check the appropriate box(es): My child/ward is covered under our family health insurance plan, which has limits of not less than \$25,000.
Company: Policy Number: My child/ward is covered by his/her school's activities medical base insurance plan.
My child/ward is covered by his/her school's activities medical base insurance plan. I have purchased supplemental football insurance through my child's/ward's school.

School:	School District (if applicable):
acceleration, a blow or jolt to the head, or by a blow all concussions occur without loss of consciousness. concussions are potentially serious and, if not manage	s all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All ged properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a ts any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be lical professional and cleared by a medical doctor.
	r the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer thlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can
Vacant stare or seeing stars Lack of awareness of surroundings Emotions out of proportion to circumstances (inapper Headache or persistent headache, nausea, vomiting Altered vision Sensitivity to light or noise Delayed verbal and motor responses Disorientation, slurred or incoherent speech Dizziness, including light-headedness, vertigo(spin Decreased coordination, reaction time Confusion and inability to focus attention Memory loss Sudden change in academic performance or drop in	uning) or loss of equilibrium (being off balance or swimming sensation)

• In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

· Irritability, depression, anxiety, sleep disturbances, easy fatigability

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotropic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports-What You Need to Know" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)
This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

Sudden Cardiac Arrest Information Sudden cardiac arrest is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes. Symptoms of sudden cardiac arrest include, but not limited to: sudden collapse, no pulse, no breathing. Warning signs associated with sudden cardiac arrest include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue. It is strongly recommended all coaches, whether paid or volunteer, are regularly trained in CPR and the use of an AED. Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date. Automatic external defibrillators (AEDs) are required at all FHSAA State Series games, tournaments and meets. The FHSAA also strongly recommends that they be available at all preseason and regular season events as well along with coaches/individuals trained in CPR. What to do if your student-athlete collapses: 1. Call 911 2. Send for an AED 3. Begin compressions	School: School District (if applicable):

What to do if your student-athlete collapses: 1. Call 911 2. Send for an AED 3. Begin compressions FHSAA Heat-Related Illnesses Information People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable. Heat Stroke is the most serious heat-related illness. It happens when the body's temperature weather and not drinking enough fluids. Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids. Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt

instructions to view the courses. I have been advised of the dangers of participation for myself and that of my child/ward.

Florida High School Athletic Association

Revised 04/16

Consent and Release from Liability Certificate (Page 4 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

Attention Student and Parent(s)/Guardian(s)

Your school is a member of the Florida High School Athletic Association (FHSAA) and follows established rules. To be eligible to represent your school in interscholastic athletics, in an FHSAA recognized sport (i.e. bowling, competitive cheerleading, girls flag football, lacrosse, boys volleyball, water polo and girls weightlifting or sanctioned sport (i.e. baseball, basketball, cross country, tackle football, golf, soccer, fast-pitch softball, swimming & diving, tennis, track & field, girls volleyball, boys weightlifting and wrestling), the student:

- 1. This form is non-transferable; a separate form must be completed for each different school at which a student participates.
- 2. Must be regularly enrolled and in regular attendance at your school. If the student is a home education student or attends a charter school or Florida Virtual School Full time Program or a special/alternative school or certain small non-member private schools, the student must declare in writing his/her intention to participate in athletics to the school at which the student is permitted to participate. Home education students and students attending small non-member private schools must be approved through the use of a separate form prior to any participation. (FHSAA Bylaw 9.2, Policy 16 and Administrative Procedure 1.8)
- 3. Must attend school within 10 days of the beginning of each semester to be eligible during that semester. (FHSAA Bylaw 9.2)
- 4. Must maintain at least a cumulative 2.0 grade point average on a 4.0 unweighted scale prior to the semester in which the student wishes to participate. This GPA must include all courses taken since the student entered high school. A sixth, seventh or eighth grade student must have earned at least a 2.0 grade point average on 4.0 unweighted scale the previous semester. (FHSAA Bylaw 9.4)
- 5. Must not have graduated from any high school or its equivalent. (FHSAA Bylaw 9.4)
- 6. Must not have **enrolled in the ninth grade for the first time** more than four school years ago. If the student is a sixth, seventh or eighth grade student, the student must not participate if repeating that grade. (FHSAA Bylaw 9.5)
- 7. Must have signed permission to participate from the student's parent(s)/legal guardian(s) on a form (EL3) provided the school. (Bylaw 9.8)
- 8. Must be less than 19 years 9 months old to participate in high school; 16 years 9 months old to participate in junior high school; and 15 years 9 months old to participate in middle school, otherwise the student becomes ineligible to participate at that level. Students entering 9th grade in 2014-15 and thereafter must not turn 19 before September 1st, otherwise the student becomes ineligible to participate. (FHSAA Bylaw 9.6)
- 9. Must undergo a pre-participation physical evaluation and be certified as being physically fit for participation in interscholastic athletics (form EL2).
- 10. Must be an amateur. This means the student must not accept money, gift or donation for participating in a sport, or use a name other than his/her own when participating. (FHSAA Bylaw 9.9)
- 11. Must not participate in an all-star contest in a sport prior to completing his/her high school eligibility in that sport. (FHSAA Policy 26)
- 12. Must display good sportsmanship and follow the rules of competition **before**, **during and after** every contest in which the student participates. If not, the student may be suspended from participation for a period of time. (FHSAA Bylaw 7.1)
- 13. Must not provide false information to his/her school or to the FHSAA to gain eligibility. (FHSAA Bylaw 9.1)
- 14. Youth exchange, other international and immigrant students must be approved by the FHSAA office prior to any participation. Exceptions may apply. See your school's principal/athletic director. (FHSAA Policy 17)
- 15. Must refrain from hazing/bullying while a member of an athletic team or while participating in any athletic activities sponsored by or affiliated with a member school.

If the student is declared or ruled ineligible due to one or more of the FHSAA rules and regulations, the student has the right to request that the school file an appeal on behalf of the student. See the principal or athletic director for information regarding this process.
