Dear Parent or Guardian:

This summer, students who need to recover course credits will have the opportunity to attend summer school on **June 11, 12, 13, 14, 18, 19, 20, 21, 25, 26, 27** and **28 from Monday - Thursday (no school on Friday's)**, for 3.5 hours each morning, tentatively from 7:30 am to 11:00 am.

Summer school will permit students to work in the APEX credit recovery program, in individual classes online, at a self-directed pace. If students require only one recovery and they are able to complete their work in a timely manner, the student will not have to return once they have completed their course. Students who need more than one recovery should plan to stay for all twelve mornings so that they can complete as many recoveries as possible. The summer school program is very rigorous and takes a lot of dedication.

**Students who attend will be required to abide by the following:**

- Summer School ESY is only for students who are off track and have failed one or more courses. Students will be repeating a course that they previously failed.
  - My student will be able to attend each date listed above. Please do not register if you are going on vacation during some of these dates.
  - My student will turn their cell phone, iPad, and other electronic devices in to the classroom teacher at the beginning of the session each day and will not ask to have these items returned to them until the end of the session each day.
  - My student understands that the program will be computer-based learning, but there will also be written work that must be completed at home each afternoon.
  - My student understands that he/she must complete a minimum amount of work each day in order to complete the course. If my student does not keep pace during the first week, my student may be dismissed from the program so that a student on the wait list can be given the seat.
  - Students must be awake, engaged, and working on APEX at all times.
  - No web surfing, search engines, music streaming or video websites: Only the APEX website may be used.
  - Students who search for answers online will be dismissed from the program immediately and will not receive credit for their course.
  - The APEX program is NOT certified for NCAA athletes. If your student plans to attend a college or university as an NCAA athlete, this summer program is not for your student, and you should not register.
  - All Pasco County rules and policies must be followed, including the dress code.
- If students are not adhering to the expectations, and/or miss two sessions, the student will not be permitted to continue with the program, and their spot will be given to a student on our waiting list. This course of study is not for every student. If this program does not work with your summer plans, online courses are available via Pasco eSchool this summer.

For this program we will be able to provide twelve days of bus transportation. At this time, we are waiting to hear from transportation services to know exactly what time the morning sessions will start and end. Specific bus locations and times of drop-off/pick up will be communicated as soon as we have the information from the transportation office. It is very important that your contact information below is legible and accurate!

By signing below, you are in agreement that your student will participate in the APEX summer school program for the 2018 Extended School Year, and that your student will abide by all rules and attendance policies. If you plan to be out of town during some of the dates listed above, please have your child enroll in eSchool, instead of attending summer school.

Thank you,

Sunlake High School Administration

**You may register on our school website, or by returning this form.**

**You will find a copy of this letter on our school website so that you have it for the agreements, the dates and times.**

**Letter: <http://slhs.pasco.k12.fl.us/>**

**Register online if you prefer: <http://slhs.pasco.k12.fl.us/mform/view.php?id=37269>**
